

# Liberating Software for Fun and Profit

**Wednesday, November 30**

**Lunch: Dining Hall, 1:00 PM**

**Talk: GITC 1100, 2:30 PM - 3:30 PM**

**Free, Libre, and Open Source Software (FLOSS) has become a staple of the computing industry. Students who graduate with existing familiarity with key FLOSS codebases have a strong advantage in this climate. Come learn how to get involved in FLOSS development!**

**Speaker: Bradley M. Kuhn  
President and Executive Director,  
Software Freedom Conservancy  
Director,  
Free Software Foundation  
M.S., Computer Science**
